# Bachelor of Arts in Construction Management Online

## Build a Successful Career in Construction Management

Rowan University's B.A. in Construction Management Online is designed as a degree completion program for individuals who already have an associate's degree or equivalent number of credits, and prefer to continue working while earning their degree. As part of an agreement with Washtenaw Community College, students, prospective applicants who have successfully completed the courses for the Construction Supervision Associate in Applied Science degree at WCC may be eligible for expedited access and entry to Rowan's B.A. in Construction Management program. The program is ideal for journeypersons and seasoned professionals in the construction industry, as well as apprentices who are looking to develop leadership skills and advance their careers. The B.A. in Construction Management degree prepares individuals to supervise, manage, and inspect construction sites, buildings, and associated facilities.

## Learn from a University that is Committed to Economic Development

Rowan University is a comprehensive state-designated research institution with over 14,000 students. With its main campus in Glassboro, N.J., Rowan consists of ten colleges, including two medical schools. The University offers undergraduate, graduate, doctoral, medical and certificate programs. A selected number of its academic programs are offered in multiple locations as well as online.

U.S. News & World Report ranks Rowan University among the best, most innovative regional and public universities. The University's College of Engineering is ranked #22 out of more than 200 schools nationwide where the highest degree offered is a bachelor's or master's degree. Forbes and Money magazines named Rowan among the "Top Colleges" in the U.S. for 2016 and among the "Best Colleges 2016-17," respectively, and the University was recently ranked 3rd nationally for social mobility by technology firm CollegeNET.

## About the Program

The Henry M. Rowan College of Engineering, a nationally ranked college of engineering education that prepares students for local, regional, and global industries through innovative technologies and engineering practices in partnership with the Division of Global Learning and Partnerships, Rowan University's vehicle to serve the needs of working adults and lifelong learners through innovative academic programs and industry partnerships proudly offer the BA in Construction Management Online Program to journeypersons and seasoned construction professionals as well as apprentices interested in combining building and construction trade experience with knowledge and requisite skills necessary for career advancement as a professional tradesperson.

With an emphasis on honoring students lifelong learning experiences and prior college credits, the BA in Construction Management Online Program offers students the opportunity to apply specialized union training, apprenticeship program knowledge and prior college course work to complete their degree within as little as two years. All courses are delivered through Rowan Online, a nationally ranked provider of online education to ensure a top quality online learning experiences for students.

The program is structured as follows:

- **General Education Requirements: 46 Semester Hours**
- **Electives: 38 Semester Hours**
- **Core (Major) Courses: 36 Semester Hours**

## Convert Your Experience and Knowledge into Academic Credits

The Center of Adult and Experiential Learning within Rowan Global recognizes that many adults entering or returning to college come to the University with prior experience and college level competencies that have been developed outside the traditional college classroom. In recognition of these valued competencies, prospective students are provided with opportunities to receive undergraduate credit for prior experience and knowledge. For further information please contact The Center of Adult and Experiential Learning at 856-256-5790.

## Tuition

Standard Rate: **\$400 per semester hour**

North America's Building Trades Unions Members Rate: **\$400 per semester hour**
