#### **CORROSION IS A COSTLY PROBLEM**

As coatings fail, structures degrade resulting in corrosion. From maintaining the integrity of our infrastructure to having safe water in our homes, the effects of corrosion cost our economy billions of dollars every year. Facilities and equipment can last 5 to 10 times longer when an industrial coating is applied by a trained, skilled workforce.

#### **WE PROVIDE SOLUTIONS**

The Coating and Corrosion Expo recognizes the need to better educate and promote best practices in the Coating and Corrosion Industry. By partnering with highly skilled contractors and suppliers in the industry, we're able to provide engineers, coatings application specialists, architects and public works departments with the most comprehensive knowledge and training possible.

When you have questions about corrosion protection, products or application specialists - ***WE HAVE THE ANSWERS YOU NEED.***

- Continuing Education Unit Credits (CEU)
- Network with SSPC and NACE Professionals
