# **DISTRICT COUNCIL 6**

Jim Sherwood, Business Manager/Secretary-Treasurer

STRONGSVILLE - Brothers and Sisters, normally I would provide an update of summer work and how the PATCH outing did this year. That can wait for now.

We have arrived at a critical moment in a pivotal year.

The election on Nov. 3 is way bigger than the attention-grabbing headlines about the presidential race.

For the last two years, new laws that would benefit working families have been ignored by the U.S. Senate, which is currently controlled by Kentucky's Mitch McConnell.

The Senate Republicans have done everything wrong for workers, while attempting to please the top 1 percent. Instead of hearing about the ideas from the U.S. House of Representatives, Sen. "McCon-All" has chosen to hold nomination hearings for the lifetime tenure of young, ideologically motivated judges to a federal bench.

All the while blocking any attempt by legislative means, to level the playing field for union contractors, advance the conversation on racial equality or create good paying jobs by recognizing climate change is real and investing in the range of alternative energy markets we need in America.

If you live in Kentucky and are considering sitting this election out, please reconsider. Mitch McConnell must go home in 2020.

# PRESIDENTIAL **ELECTION**

When it comes to the Presi-

dential race, our latest IUPAT poll shows a nearly even split of support for both candidates.

There is a small, undecided group, and my next remarks are directed to those who may still be struggling to see a connection between what the headlines say and your weekly paycheck.

By empowering people like Sen. McConnell to ignore convention in the U.S. Senate, and refusing to staff the agencies that already exist for the protection of workers, the Trump administration has failed in its duty to represent the American people.

From the endless executive orders

that erode social and environmental progress, to the complete disregard for any laws regarding ethics or conduct in office, the President has proven that people like us do not really matter to him except on Election Day.

Even our heroes, such as fallen veterans of the Great Wars and the late Sen. John McCain, are not worthy of his admiration because they either got captured or died while serving their country.

If you are on the fence, please know that Joe Biden actually has been doing things for labor and working families for his entire life.

Since he first took the office as New Castle County Councilman in 1969, through the Senate and his two terms as U.S. Vice President, Joe has consistently voted for labor and social justice.

He is completely ready to lead our country on day one.

He has earned the respect of the IUPAT and we at District Council 6 are proud to support the Biden/ Harris ticket.

# VOTE

The most important thing this Nov. 3 is to vote.

To those who have mailed or personally delivered their absentee ballots before Election Day, great job! Encourage your friends and neigh-

bors to make their voices heard.

# **CONDOLENCES**

I am sad to report that retired long-time Cleveland area painter, Business Representative Benny Messina passed away.

I knew Benny well and enjoyed working with him. Rest in peace Benny.

# **LOCAL 1103 LEADERSHIP**

Mixed Trades Local 1103 will turn 100 years old this year, which is a monumental accomplishment.

With that being said, Local 1103 President Joe Sheiff is asking for help.

He and two other Local 1103 Executive Board members are retiring and they are asking for members to step-up to be Local leaders.

Please contact Lou Ferrante, or me, if you are interested.

# CONGRATULATIONS

John Kulju, DC 6 Business Representative from Drywall Finishers Local 505, has announced he will retire at the end of

the year. Please join me in wishing John good luck in the next chapter of his life.

# IN CLOSING

Finally, please encourage our apprentices to master a variety of skills. Please work safe and be well!

#### **DISTRICT COUNCIL 6** Gary McPheron,

**Government Affairs** 

STRONGSVILLE - I thank all our members who have worked throughout this coronavirus pandemic.

Life as we knew it was stripped away from us, and I believe it will never be quite the same again.

Our members did what they always do when given the opportunity, they got up and went to work every day.

I am proud to call you my Brothers and Sisters.

For anyone in our Union family who lost a loved one to this horrid disease, I am so sorry for your loss.

By the time you read this, the election will be well under way. Mail-in absentee and early in-person voting is underway, with Election Day (Nov. 3) fast approaching.

We have been doing everything in our power to reason with you and give you facts to consider when you cast your vote.

I believe this: President Trump is the biggest threat to our unions and our financial security in modern history, and it is not even close. The examples of this in words and deeds are numerous and I really hope we are able to see through all the smoke to see the fire.

I am seriously concerned about our union and the democracy we all have lived in our entire lives.

Joe Biden, on the other hand, does not inspire a person to lower his/her head and run through a block wall for him. He is steady eddy Joe.

I believe that may be exactly what our country needs right now, a calming influence; one who takes every decision with purpose and thoughtfulness.

There is no doubt Biden will be the strongest supporter of unions for a long time, maybe ever. He truly understands what unions have done for our country and the middle class.

He knows unions wake our country up every day and put her to bed every night.

It will be a relief to have a President who is not trying to destroy us in every way possible.

Joe's Vice President candidate, Kamala Harris, has always been a strong union supporter, and not afraid to say so at every campaign stop.

We will be in good hands when they are sworn into office in January 2021.

Lastly, to every person on this staff, to all our member activist and to anyone who has had a hand in our political plan for 2020, I cannot thank you enough.

The passion and hatred we have endured has never been stronger. It is common for certain members to be upset that we are talking to them at all about politics, feeling we should mind our own business.

We understand that when we are treated with some level of decency.

That has not been the case this time, as the Trump supporters are See PAINTERS AND ALLIED TRADES on page 15.

The IUPAT wants to offer each member and their children the opportunity to advance their reading comprehension skills with MindPlay.

extremely aggressive and not afraid to express those feelings with vitriol.

Our nation is divided and our union is divided. History tells us when we are divided, we are vulnerable to attack from the outside.

Hopefully, whoever the next President is can protect us from that in Washington, but we in this union need to do the same in house.

We may face serious attacks from our government, but we also will face difficult negotiations and issues with our contractors.

I pledge to do everything I can to help bring our union back to a great fraternal organization.

STRONGSVILLE - Greetings Brothers and Sisters, I want to speak on a sensitive topic that is almost taboo within the construction industry.

Every one of us has experienced or knows someone who lost a loved one to suicide, struggles with opioid addiction or lives with a mental health disorder. In many instances, we want to help those who are struggling or get help themselves, but often we do not know where to turn.

The Helping Hand Initiative can provide members with the tools necessary to fight these everyday battles.

Please take a minute to read the information below and understand this is something we collectively need to spearhead without hesitation.

#### **HELPING HAND INITIATIVE**

The Helping Hand Initiative is a new program introduced by the International addressing the fact that our members are dealing with suicide, substance abuse and mental health disorders.

Did you know suicide is the number one leading cause of death amongst construction workers?

The suicide rate in this maledominated industry is about four times greater than the national average, and five times greater than that of all other construction fatalities combined.

Is it any wonder why? Construction workers are expected to meet, at times, unrealistic project deadlines, experience intimidation or harassment on the jobsite, travel away from home and are often plagued by the stigma to fit in with the "Tough Guy" culture.

Those who contemplate suicide may shame themselves for experiencing anxiety, distress and depressive or suicidal feelings because it

contradicts the idea ingrained in them that males should not be affected by their emotions.

Nobody really knows what other co-workers are dealing with outside of work, and those stressors on top of what is happening at work can, and do, influence one's decision to take their own life.

I encourage everyone to be that member who supports your Brothers and Sisters.

Sometimes all it takes is an open ear to save a life.

In addition to losing a life to suicide, substance abuse is another epidemic ravaging throughout the construction industry.

Whether it begins because of stress and anxiety or to medicate physical pain, more than 15 percent of construction workers have abused drugs, alcohol or prescription medications at one point in their life.

Some of the most abused prescription drugs include OxyContin, Percocet and Vicodin.

This raises the question, are we, every Brother and Sister in our union, doing enough to help our co-workers who are battling substance abuse? Or do we turn a blind eye because it is too uncomfortable to bring up that discussion?

Recently, our attention has been See PAINTERS AND ALLIED TRADES on page 18.

redirected to COVID-19 and other global events. Meanwhile the opioid crisis is still very much alive and real. Let us put things into perspective on how quickly addiction can happen: When a worker suffers an injury on the job, a prescription opioid pain medication is not an atypical form of treatment. This allows the worker to treat the pain and return to work prematurely, where they risk getting another injury or worsening their current injury.

This could lead to the sustained use of opioids, which puts themselves and others at serious risk.

It is important to have a conversation with your physician prior to receiving an opioid prescription.

District Council 6 is working with the International to provide members with the resources and support needed to overcome these adversities.

We are asking members to get onboard with the Helping Hand Initiative, because losing one life to opioid addiction, suicide and mental health disorders is one life too many.

If you know of any member, or you are that member who needs help, remember, you are not alone. Reach out to your Local Union Hall, Business Agent or co-worker.

Help is available.

For more information on Helping Hands, or if you are interested in getting involved, contact Nichole at 440-239-4575.

Change does not happen overnight, but together, as One Union, we can start changing the culture in construction!

STRONGSVILLE - Hi Brothers and Sisters! I hope all is well with all of you and your families.

How about our Cleveland Indians? They made the playoffs, but didn't last long.

Of course, as I write this article, our Cleveland Browns are playing great, too! There is finally some good Cleveland sports news for a change!

# **GENERAL ELECTION**

a leader for the entire country and

Speaking of good news, hopefully we will have some good news on Nov. 4 in the form of a new president - someone who will be represent the entire country.

It would be wonderful to see a new president who cares about organized labor and the future for all our families! President Joe Biden will be honest, trustworthy and will reunite America. Everyone has talked about the importance of voting this year.

I am more than confident all of us retired members, and members of the Greatest Generation, will also vote.

I certainly hope the generations who are eligible to vote, will vote.

"Nobody will ever deprive the American people of the right to vote except the American people themselves, and the only way they could do this is by not voting!"- Franklin D. Roosevelt.

# **CONDOLENCES**

I am sad to report Brother Ben Messina passed away last month at the age of 78.

Ben was a retired business agent and served on many boards while representing the membership.

For many years, he was the Treasurer of Local 765. He was also a longtime member of Local 707.

A Navy veteran, he belonged to American Legion Post 703.

Ben will be deeply missed by all. Our thoughts and prayers are with his wife and entire family.

#### DISTRICT COUNCIL 6 Bo Anderson Director of Organizing

STRONGSVILLE — Greetings Brothers and Sisters. Fall is officially upon us, but there is no slowing down in the organizing department.

We have been working diligently throughout District Council 6 to increase membership and our contractor base.

As mentioned before, there is a nationwide shortage of drywall finishers, and the organizing department has been building relationships within the southern communities to recruit new members to fulfil this shortage.

# **AKRON/CLEVELAND NEWS**

I am pleased to announce the signing of Big-D Glass as our newest glazing signatory contractor in the Akron area.

Big-D had previously signed with DC 6 until the 90s, and has been a tough company to crack. But the last five to six months of pushing paid off when we finally signed them on Oct. 1.

They currently have jobs throughout our jurisdiction, and we are feeding them some great talent.

# COLUMBUS UPDATE

In Columbus, we are on fire with top down and bottom up organizing techniques.

We are closely monitoring our competitors to evaluate our market share in glazing and drywall finishing.

Our team has been reaching out to community organizations to establish trust and secure workers for future contractors.

#### **CINCINNATI/** LEXINGTON CAMPAIGN

We need drywall finishers throughout the Cincinnati area, but our focus is widespread.

We have been evaluating virgin markets and are working to build a positive union presence for future campaigns throughout the area.

#### TANKS AND BRIDGES

The water initiative is another focus our team has been working heavily on, specifically with tanks and bridges.

One of our target contractors is Panther Industrial Painting.

We will remain on their trail and are ready to wrap them up with hand billing or job actions if necessary.

#### Glaziers **LOCAL 948** Bruce Vidak

TOLEDO — I hope this finds you well. The Union Hall is open again for our Local Union meetings.

We meet on the second Tuesday of every month at 5 p.m. at 909 Front St. in Toledo.

In order for us to be able to hold in-person meetings, we have to follow a few guidelines set forth by Gov. DeWine including the wearing of facemasks, social distancing and no buffet.

These are some simple rules to follow until we get through this mess.

Also, there is other good news, as **Renata** is back to work. She is at the office from 9 a.m. until 1 p.m.

# BYLAW CHANGES

Since the District Council 6 bylaw changes passed, we will be working on our Local bylaws.

Please bring any suggestions to the next meeting.

# AGMT CERTIFICATION

District Council 6 is looking for 12 members to participate in the AGMT See PAINTERS AND ALLIED TRADES on page 19.

This is a knowledge-based test, which can be completed at home.

Practical testing will be scheduled when we have 12 participants.

This is the "Certified Glazier" certification, which is starting to be found in job specs.

It would be nice to see some of the Local 948 guys do this!

# **TRAINING REMINDER**

We will be putting on a journeyman upgrade class for welding.

This is a 40-hour class, which will be held over the course of five Saturdays.

We can only accommodate six people at a time, so call me if you want to get signed up.

AKRON — All who enter the Union Hall are required to wear a face mask or face covering.

# MEDICAL PRESCRIPTION PLAN

Now that all our members are on one Health and Welfare plan, we are getting a few calls on how the plan handles prescriptions. These services are through a company called Sav-RX Prescription Services.

If you do not have a card from this company, please contact the Union Hall. The card is a discount card that can be used at local pharmacies.

It also covers all maintenance scripts, which go through their mail order service.

Also, there is a reimbursement plan for all out of pocket costs related to your prescriptions.

Receipts for prescription costs should be mailed to Stewart C. Miller & Co. for reimbursement of generics at 100 percent and brands at 80 percent after your deductible is met.

We suggest mailing in all your receipts for your out of pocket costs on prescriptions once a year, quarterly or how often you want to do it. *See PAINTERS AND ALLIED TRADES on page 20.*

My phone number is 330-207-4855, my email address is timh@iupat-dc6. org and the address to the office is 35 S. State St., Girard, OH 44420.

Please address all mail to Glaziers Local 847.

COLUMBUS - Members of Local 372, work in the Columbus area is busy. Pioneer is well underway at the Rhodes Tower and they got the curtain wall on the Hilton Hotel expansion and the new OSU Hospital.

Celina has started a building they are doing for Messer on High Street for Ohio State.

Blakley has a job underway in Athens for OU and started the new WOSU TV station.

AAG is working on the Kenyon College Library and the Facebook job.

We are still waiting on the list of jobs below to get started:

AAG has the airport renovation. Blakley has the Nationwide Insurance job, and the entrances and punched openings on the Hilton Hotel.

Celina has another project for Messer on the OSU campus.

We did not get the new Crew stadium, as it went to Hemm's Glass.

NEC has a job on the OSU campus as well.

#### **ORGANIZING UPDATES**

Everyone is working.

I have brought in several new members since the last week of February. We need to bring in more new members because we are going to be very busy next vear.

If anyone knows any glaziers who might be interested in joining, please get me their information so I can try to get them to join.

Columbus Glass and Mirror got the Linden Rec Center, being built under a Community Benefits Agreement. This means it must be a union job.

Columbus Glass is a non-union contractor, who signed our agreement for the duration of the project.

We hope this will open the door for them to sign a full contract.

They have started the job and I have signed up seven of their employees.

Right now, we still need drywall finishers.

Our marketing team is working on getting our contractors working for various general contractors who have not used union contractors before.

I have been sending jobs to our contractors to bid on almost every week. Hopefully this will generate some work for our members.

Our contractors are currently bidding the Millennial Tower, a 50-story building; the North Market, a 36-story building; and Phase II of the Franklin County Jail.

The Lexington campaign has begun.

In September, I spent a week in Cleveland and a week in the Cincinnati and Lexington area.

# MARK YOUR CALENDAR

The next meeting will be held on Oct. 19, and it will be a Special Called Meeting to vote on the wage allocation.

We will have safety precautions in place for COVID-19.

# PAY STUBS

All our contractors now send electronic pay stubs. If you do not have a computer or are unable to access your pay stubs, get ahold of **Rebecca** and she will get them for you at the office.

# HERE TO HELP

If you have any questions or concerns, contact me at 614-371-6290. You can also contact Chris Naegele or Rebecca at 800-704-2079 or 614-294-5301.

#### **IN CLOSING**

Please protect yourselves during the pandemic. Practice social distancing as best as you can on the jobsite and wash your hands often.

If you have any concerns, give me a call. Keep up the good work and be safe.

DAYTON - You must register to participate in a training class.

Check The Labor Citizen training section at the beginning of the Painters and Allied Trades section for updated classes on the training schedule.

You must complete 16 hours of training per year.

#### WORK OUTLOOK

Work in Dayton has slowed down for drywall finishers, but has picked up for painters.

With that being said, there is a need throughout the District Council for good drywall finishers and painters. If you are willing, I can find you work in other areas of the District Council.

Remember, when you are on jobsites where our competitors are working, be sure to talk to them about the advantages of being a union member.

# **DUES REMINDER**

It is every member's obligation to keep their dues current. If you have not worked 40

hours a week, every week, you may be behind on your dues.

If you think you are behind, call me at 937-272-4785 or Dannie Dunn at 937-231-2693.

We appreciate your cooperation.

# MARK YOUR CALENDAR

As a reminder, Local meetings are held on the second Wednesday of every month at 5:30 p.m.

Try to attend if you are able. Please remember a mask is required to attend, and hand sanitizer you will be provided. You must practice social distancing.

# WORK STATUS

# IN CLOSING

Please remember to continue working safely and to help one another out.

PORTSMOUTH — Brothers and Sisters, as we all are aware, it is election time.

If you have not made a plan to get out and vote, please do so! See PAINTERS AND ALLIED TRADES on page 21.

Give me a call or contact your Local officers for information to volunteer for phone banking or literature drops.

CLEVELAND — Greetings Brothers and Sisters, I hope everyone is staying safe.

This virus has lingered, but if we all follow the guidelines, we can keep it in check.

#### **REMEMBER TO VOTE**

Please get out and vote if you have not yet done so! Ohio does offer early in-person voting, which means short lines and less exposure.

Play it safe, keep your social distance, but vote!

There are many issues that can sway voters, but the most important issue is your paycheck.

Joe Biden has openly supported unions, and will do so if elected.

#### **WORK OUTLOOK**

Work has been holding steady, but winter is coming, which will bring an end to bridge work until spring.

Stay in touch with the Union Hall for any employment opportunities.

#### **CHRISTMAS PARTY**

Discussions continue on options for a Christmas party or some other form of celebration.

We will keep you posted.

#### **TRAINING REMINDER**

Training classes continue, so get signed up to make sure you have the certifications you need when employment opportunities open up.

#### **CONDOLENCES**

Keep the family of retired Business Representative **Ben Messina** in your thoughts and prayers.

Ben passed away last month, and will be missed by all.

# **IN CLOSING**

Hope to see you soon at a meeting. Stay safe.

AKRON — Our next union meeting will be on Nov. 11 at 5:30 p.m. at the Union Hall, located at 67 South Maple St. in Akron.

All who enter the Union Hall are required to wear a face mask or face covering.

# MEDICAL PRESCRIPTION PLAN

We want to take this opportunity to explain the prescription benefits available to you through our Health and Welfare plan.

Our prescription services are through a company called Sav-RX Prescription Services.

You should have received a card from this company. If you did not get this card, please contact the Union Hall. The card is a discount card that can be used at local pharmacies.

It also covers all maintenance scripts, which go through their mail order service.

Also, there is a reimbursement plan for all out of pocket costs related to your prescriptions.

We have a pamphlet at the Union Hall to explain the plan in more detail.

Please call the Union Hall if you would like to have a copy mailed to you.

#### **MEETING UPDATES**

**Scott** will call or text with any updates on meetings or union business.

# **IN CLOSING**

If you have any questions or concerns, please call the Union Hall or **Scott**.

LIMA — After a very slow start to our work year, hours and work have picked up significantly.

If you get laid off, please let me know. Also, if you go back to work from a lay off please, do the same as well.

#### WAGES UPDATE

By the time you read this, you

should have noticed the last of the changes to your check until next April, when we will disburse the next raise.

If you have any questions about this, please call or text me.

### MARK YOUR CALENDAR

The union meeting is held on the first Tuesday of each month at 7 p.m.

We started serving food again, but they are box lunches.

We only get a finite number of them, so they are available on a first come, first serve basis. I suggest you come early and stay late.

Masks are required. We will provide one for you if necessary.

Proper social distancing is observed and tables and chairs are disinfected prior to the meeting.

Hand sanitizer is also available.

#### Mixed Trades LOCAL 123, 238 & 387 Jason Parr

CINCINNATI — Hello Brothers and Sisters. Work continues to be strong in the greater Cincinnati area, and should stay steady through the late fall.

Lee, Jess and I have been trying to get out and see all our members on jobsites, so if we have missed you, please reach out to any of us and we would love to stop out and see you.

We are spreading the word about how important it is to get out and vote.

We want everyone to vote for the candidates who support our union ideas and beliefs.

We are always under attack by big business, who tries to prevent organizing of workers to form unions.

Over 50 percent of all American workers wish they belonged to a union. Unfortunately, because of certain laws in place, they are unable to do so.

## APPRENTICESHIP REMINDER

Apprenticeship classes will continue through the rest of the year, and we want to encourage all apprentices to show up on time for all their scheduled classes.

The apprentice class week should See PAINTERS AND ALLIED TRADES on page 22.

not be a week where you decide to make doctor's appointments or any other reason you feel to be more important than class.

You should treat apprenticeship class as serious as a day at work.

Be there every day on time and ready to participate.

#### TRAINING UPDATE

District Council 6 is offering a lot of journeymen upgrade classes, and we can now offer the classes with a translator in Spanish.

The FTIOR has brought on Frankie **Diaz** as a part-time instructor.

Please contact any of us representatives, or Brooke, to be added onto the class list.

# CONGRATULATIONS

We congratulate Frankie Diaz for being brought on staff temporarily for the political season as relief-staff.

Frankie is a Local 238 member, who lives in Kentucky and will be engaging in conversations with our members about this important election on Nov. 3.

# **IN CLOSING**

I cannot stress enough the importance of educating yourselves on all the candidates in the upcoming election.

Although the presidential race is important, so is every congressional, senate, county, city and judicial race in the State of Ohio, Kentucky and Indiana.

Elections have very real consequences.

In 2016, the State of Kentucky, largely because union members voted against many of their own Union endorsements, elected very non-labor friendly candidates.

The consequences of the election were Kentucky became a So-Called "Right to Work" (for less) state, they repealed Prevailing Wage, which has cost millions of dollars in underpaid wages to blue collar workers, and made it more difficult to form unions, collect dues and lessened the unions ability to collectively bargain.

Please vote with your paycheck!

Sign Display and **Allied Trades LOCAL 639** 

CLEVELAND — We are back to having our Local monthly meetings. Masks are mandatory, along with social distancing.

Our next meeting will be on Nov. 4 at 6 p.m., which is the day after Election Day.

Please be sure to exercise your right to vote, then come out to the meeting on Wednesday and help us decide what we are going to do for the membership for the upcoming holidays.

With this crazy year, I doubt that we will be able to have a party.

We do have guite a few members laid off in the Display shops - all related to the COVID-19.

Please let me know if you get laid off.

# IN CLOSING

I hope you and your families are healthy. Stay safe!

CLEVELAND — Hello Brothers and Sisters of Local 505, I hope this message finds you safe and well.

On the work front, work is a little bit slow right now, but hang in there. Work is coming.

I have spoken to couple of our contractors and there seems to be a good amount of work on the books.

I believe all our contractors and general contractors have done a pretty good job with safety and sanitation in the wake of COVID-19.

Remember, none of us have been through anything like this before.

# **REMINDERS**

While you are laid off, please keep up-to-date with your dues, your drug card and training certifications.

If you need help with anything, please contact me.

#### **CONDOLENCES**

We offer our condolences to two members' families, as Rob Theus lost his brother Marc Kourcklas, and Dave King lost his brother Daniel last month.

Please keep these families in your thoughts and prayers.

# IN CLOSING

Be kind, be humble and always be thankful. T.C.M.B.S.

CLEVELAND - Hello Brothers and Sisters of Local 181. As of now, our next union meeting will be on Nov. 18 at 5:30 p.m. at the District Council 6 offices, located at 8257 Dow Circle in Strongsville.

Please try to attend.

# WORK OUTLOOK

Work has been all over the place this year - from extremely slow to very busy.

Currently work has picked back up. We are almost at full employment with three journeymen off and all apprentices working.

School work is still going strong and keeping us very busy.

The INTRO project in Cleveland is well underway, as is the Bendix World Headquarters project in Avon and the Metro Hospital project in Cleveland.

Those are three of the biggest projects currently going on. There is also additional work planned for the downtown area.

There also is work out of town. Contact me if you are interested.

#### **DRUG CARDS**

You must have a current drug card, even if you are working at a smaller shop or have not needed to show it in a while.

Stay on top of it, and get it renewed if it has, or will expire. If you are not working, please get it taken care of now.

I cannot stress the importance of

having a current drug card. Also, stay on top of your yearly test. Do not let it lapse.

A lot of members have missed out on work because they do not have a current drug card. Do not let that be vou.

Remember, random drug tests are going out. Do not miss a random, which is equivalent to a fail.

If you have any questions, call me and I can get you set up with a test.

# **TRAINING REMINDER**

Stay on top of your upgrade classes and all the certifications, as training is becoming more important.

Please call the Training Department or check the website for the updated training schedule.

The more current certifications you have, the better off you will be.

Currently, I am in need of a certified welder.

We do not have enough glaziers certified to weld.

If you are off work, this might be a great time for you to get that certification, as it will only help you in the long run.

# **CHRISTMAS PARTY**

Due to the current situation with the coronavirus, Local 181 decided to cancel our annual Christmas party.

It was a difficult decision to make, but there is no way to get approximately 150 people into the building and still follow the pandemic protocols.

#### **LOWER YOUR** MORTGAGE

I have been working with Cross-Country Mortgage.

If you have any financial questions or are interested in refinancing because of the low interest rates, contact me. I can put you in contact with one of their representatives.

# ADDICTION HELP

If you, your family or anyone you know is struggling with an addiction of any kind, please reach out to addiction specialist Pat Patton at 216-548-2249.

See PAINTERS AND ALLIED TRADES on page 23.

Tony Watroba

# **IN CLOSING**

I thank every member of Local 181 for your efforts and for your patience over these past eight months.

It has been a trying time for all of us.

If you have any questions or concerns, contact me anytime at 440-382-2924.

Keep up the good work and stay safe out there!

Mixed Trades LOCAL 1103 Kevin Mullen Jr.

PAINESVILLE — The following is a message from Local 1103 President **Joe Shieff**:

Painters Local 1103 is in need of members to keep this Local active.

Three retired members have remained active officers on the Executive Board.

Unfortunately, they have decided it is time to step down at the end of this year.

This leaves the Local in a bad position, needing members to hold officer positions. It is my hope younger members will become leaders and bring new ideas to increase the membership and keep this Local in Painesville.

If we are not able to increase the membership and fill these positions by the end of the year, Local 1103 members may have to attend meetings in Strongsville or Youngstown.

District Council 6 Business Manager/Secretary-Treasurer **Jim Sherwood** has waived transfer fees for members who may want to transfer to our Local.

This is your union and the trade you work at to provide a good living and benefits for your family.

I want to see this union remain, but it will take you, the members, to step up to make this happen.

If you have any questions or think you want to become a leader in your union, please contact the District Council Office.

#### MARK YOUR CALENDAR

As **Joe** stated, we are looking for members who want to get more active and involved in Please feel free to attend a meeting to inquire.

Our meetings are held on the second Monday of the month.

Remember, strong Locals make strong unions!

# IN CLOSING

Please remember to get out and vote.

Please contact the Union Hall if you have any questions regarding the candidates we endorsed.

#### Painters and Tapers LOCAL 7 Jamie Peppers

TOLEDO - I hope everyone had a safe and wonderful summer.

This month, I am sad to report we lost Brother **John Hanson**, who was a proud member for over 47 years.

### **ELECTION REMINDER**

With weeks to go before the election, politics have ramped up.

Please make sure you are an educated voter, as we are being bombarded with information to the point where we cannot stand it.

Even worse, far too much of that information is misleading or flat out lies.

Unfortunately, it will get much worse before it gets any better.

# MARK YOUR CALENDAR

month at 6 p.m. I hope to see you there. Upcoming meetings will include the

discussions for the Local Union Bylaws. In the coming months, we will begin

to talk about the new agreement next year for the construction trade and the Hydrochem/PSC agreement expiring in February.

Please stay in touch for important meeting notices.

One topic brought up at the last meeting was the possibility of bringing back the vacation checks.

For this and other discussions, please attend the meetings.

# UPDATE BENEFICIARY INFORMATION

We urge everyone to check their beneficiary cards and notify the union, the Local Pension and the International Pension of any changes.

You will need to notify all three entities of any changes, as all three are administered separately.

This is vital in the event of any unforeseen incidents.

Please call the Union Hall if you have any questions.

# **RETIREE HEALTHCARE**

The Health Insurance office has sent out notices to all participants looking to carry our insurance into their retirement.

The bottom line is this: It is in your financial interest to remain a member of the Local.

our Local.
