

**FIFTH SUMMARY DESCRIPTION OF MATERIAL MODIFICATION  
OF THE PAINTING INDUSTRY INSURANCE FUND  
SUMMARY PLAN DESCRIPTION DATED JANUARY 1, 2019**

**NOTICE OF CHANGES TO YOUR HEALTH PLAN**

This document is called a Summary of Material Modifications (“SMM”). An SMM is designed to describe modifications to the Painting Industry Insurance Fund Summary Plan Description (“SPD”) previously sent to you effective January 1, 2019. This SMM discusses three changes to the Painting Industry Insurance Fund (“Plan”).

**Applied Behavioral Analysis (“ABA”) Therapy Covered to Treat Autism Spectrum Disorder**

This change to your plan is effective August 22, 2022 and permits the Plan to cover Applied Behavioral Analysis (“ABA”) therapy for autism spectrum disorders. Prior to this change, ABA therapy services were expressly excluded from coverage under the Plan. After this change, ABA therapy will be covered by the Plan for treatment for autism spectrum disorders.

Accordingly, effective August 22, 2022, Exclusion number 23 of Article III, Section D is amended to remove reference to Applied Behavioral Analysis so that it will now read as follows:

23. Services and supplies primarily for educational, vocational or training purposes, including, but not limited to, structured teaching or educational interventions, except as expressly provided in this SPD.

This Summary Description of Material Modification should be read in conjunction with the SPD. Information contained in this Summary Description supersedes what is contained in the SPD. However, this Summary Description changes only the provisions to which it specifically refers and any other provisions in the SPD have not been materially modified. If you have any questions regarding this change, please contact the Plan Administrator.
